P1000 Token Changer

Key reasons to go with

One-Stop Cashless Solution
 The CVPAY token changer enables users to buy tokens without the need for physical cash.

Support for DuitNow QR
 Integration with DuitNow QR facilitates easy and secure digital payments

Instant Sales Monitoring
 Owners can monitor sales in real-time, allowing for immediate business insights and trends.

Remote Support Capability
 Provide assistance and address issues promptly without being physically present.

Enhanced Customer Exp.
 Easy payment options, WIFI, and a friendly UI enhances the overall customer experience.

Reduced Operational Hassles
 The cashless nature and remote monitoring reduces operational needs for the owner
